

## About Juvenile Justice Ministry

Juvenile Justice Ministry began partnering with the Marion County Juvenile Detention Center to help impact the lives of youth in a very special and unique way in January of 2017. We facilitate and lead life skills based programming to the majority of the kids in the facility every single week bringing them valuable, and much needed, information about how to be a functioning, productive member of society. Each week has looked different but the responsiveness we have experienced from both inmates and staff has been encouraging.

## WHAT DOES “HOLISTIC” MEAN?

To meet urban youth’s spiritual needs, we need to meet their physical needs as well (Are they hungry? Do they need glasses to read God’s word?). Holistic ministry is proclaiming the evangelical gospel AND demonstrating the gospel through addressing the social needs of youth and their families. James 1:27 says, “Religion that God our Father accepts as pure and faultless is this: to look after orphans and widows in their distress and to keep oneself from being polluted by the world.”
